

**AEGON Ltd.****AUDIT COMMITTEE PRE-APPROVAL POLICY**

ADOPTED BY THE BOARD ON: September 30, 2023

**1. INTRODUCTION**

This Aegon Ltd. Pre-Approval Policy (the “Policy”) is supplementary to and should be interpreted in conjunction with the Audit Committee Charter of Aegon Ltd. (“Aegon”)

The Audit Committee of Aegon (“Committee”) is required to pre-approve the audit services and any other services to be performed by the external auditor(s) (the “external auditor”) for Aegon and its subsidiaries and affiliates<sup>1</sup>, excluding non-controlled affiliates, comprising the Aegon Group (the “Company” or “audit client”) in order to assure that the provision of such services does not impair the external auditor’s independence from the Company.

As of 1 January 2017, the EU Non-Audit Services (“NAS”) restrictions as included in the European Union (“EU”) Regulation (Regulation (EU) No 537/2014) have taken effect. The EU Regulation prohibits a number of NAS as detailed in Article 5 para 1 of the Regulation. It should be noted that EU Member States may have chosen to use one or more of the “Member State Options” that are available under the EU Regulation. This could mean that certain (additional) NAS are restricted, but also that – provided certain conditions are fulfilled – certain tax and valuation services are permitted (this is the case where EU Member States have used the Derogation Option for these services). The NAS rules are applicable to Public Interest Entities (PIEs) in the EU Member State where the “service entity” (the Aegon Group entity to which the service is being provided) is domiciled. These NAS restrictions apply to NAS that are provided by Non-Netherlands (“Non-NL”) based member firms of the auditor’s network. The Dutch NAS restrictions for PIEs prohibit Dutch member firms of the auditor’s network to provide any other service than “audit services” (“*controlediensten*”) as defined in Dutch law and independence regulation to “controlled” or “controlling” entities of the PIE (Aegon), wherever they are based.

Proposed services may either be specifically pre-approved by reference to the detailed services contained in the appendices hereto or be specifically pre-approved by the Committee by action of the Committee at a subsequent date. The Committee shall annually determine and discuss with the external auditor the total budgeted amount per service category and the financial cost threshold per service engagement above which pre-approved services contained in the appendices hereto require further Committee approval. The Committee believes that the combination of these two approaches in this Policy will result in an effective and efficient procedure to pre-approve services performed by the external auditor. As set forth in this Policy, unless a specific service has been pre-approved as set forth in the Appendices A – F hereto, it will require specific pre-approval by the Committee if it is to be provided by the external auditor. Any proposed services exceeding pre-approved cost levels or budgeted amounts, as specified in the appendices hereto, will also require specific pre-approval by the Committee.

In connection with all pre-approvals, the Committee will consider whether such services are consistent with all applicable regulations and stock exchange rules on auditor independence. The Committee will also consider whether the external auditor is best positioned to provide the most effective and efficient service.

The Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Committee at its next scheduled meeting. The Committee may not delegate to management its responsibilities to pre-approve services performed by the external auditor, except when explicitly allowed by law or regulation.

<sup>1</sup> As defined in SEC Regulation S-X, Rule 2-01(f)(4).

The external auditor shall inform the Committee of each service performed by the external auditor pursuant to this Policy. Requests or applications to provide services that require separate approval by the Committee shall be submitted to the Committee by both the external auditor and the Corporate Controller, and must include a joint statement as to whether, in their view, the request or application is consistent with the applicable rules on auditor independence (such as the Dutch Accountants Organization Supervision Act (*Wet toezicht accountantsorganisaties*), the Dutch regulation on the independence of accountants on assurance-assignments (*Verordening inzake de onafhankelijkheid van accountants bij assurance-opdrachten*) and the U.S. Securities Exchange Commission ("SEC")'s and the Public Company Accounting Oversight Board ("PCAOB")'s rules).

The appendices to this Policy describe the services by the external auditor that have the specific pre-approval of the Committee. The term of any such pre-approval is twelve months from the date of pre-approval unless the Committee states otherwise. The Committee will review annually and pre-approve the services that may be provided by the external auditor without requiring subsequent pre-approval from the Committee. The Committee will revise the list of pre-approved services from time to time, based on subsequent determinations. With respect to each pre-approval, sufficient documentation will be maintained on the particular services provided to enable the Committee to make a well-reasoned assessment of the impact of the services on the external auditor's independence.

The purpose of this Policy is to set forth the procedures by which the Committee intends to fulfill its responsibilities. This Policy does not delegate the Committee's responsibilities to pre-approve services performed by the external auditor to management.

The following paragraphs contain a description of the services that are hereby approved.

## **2. AUDIT SERVICES (see Appendix A)**

The annual audit services engagement will be subject to the specific pre-approval of the Committee. Audit services are statutory audits, audits of the annual accounts or consolidated accounts, audits of (interim) financial statements, certification of certain records in accordance with the Dutch Pensions Act (*Pensioenwet*) and the Dutch Financial Supervision Act (*Wet op het financieel toezicht*), providing assurance with respect to the board statement, the corporate governance report, and the risk management report in the annual report, and the corporate (social) responsibility report. Providing assurance means performing audits aimed at verifying the company records to reduce the risk of material misrepresentation and ensure fair presentation with respect to the statements and reports audited.

The Committee will monitor the audit services engagement as often as necessary, but on no less than a quarterly basis, and will also approve, if necessary, any changes in the terms and conditions resulting from changes in the audit scope, the Company's structure or other items or events.

In addition to the annual audit services engagement approved by the Committee, the Committee may, subject to applicable laws and regulations, grant general pre-approval to other audit services, which are those services that only the external auditor reasonably can provide. Other audit services may include statutory audits or financial audits for subsidiaries or affiliates of the Company and services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings.

The Committee has pre-approved the audit services listed in Appendix A. All other audit services not listed in Appendix A must be specifically pre-approved by the Committee.

## **3. AUDIT-RELATED SERVICES (see Appendix B)**

Audit-related services are assurance and related services that are reasonably related to the performance of the audit and review of the Company's financial statements and are not reported under audit services (Appendix A). The Committee believes that the provision of audit-related services listed in Appendix B does not impair the independence of the external auditor. With respect to the provision of the services listed under Category I of Appendix B such provision of services is consistent with SEC, UK Financial Reporting Council (the "FRC"), and Dutch rules on auditor independence. Therefore, the Committee may annually grant general pre-approval for these audit-related services. With respect to the provision of the services listed under Category II of Appendix B

Dutch rules on auditor independence impose further requirements regarding auditor independence that need to be met before these services can be provided. Therefore, the Committee may annually grant pre-approval for these services under the condition that all further local requirements for the provision of these services have been met. All other audit-related services not listed in Appendix B must be specifically pre-approved by the Committee.

#### 4. TAX AND ALL OTHER SERVICES (see Appendices C, D and E)

Applicable Dutch legislation means that the external auditor is prohibited from performing the tax and other services listed in appendices C and D hereto. The Dutch legislation referred to, however, does allow the tax and other services listed in Appendix C and Appendix D to be performed by certain network members of the external auditor for certain Aegon Group entities as follows:

- Dutch network members of the external auditor may not also perform other services for the Company (i.e. Aegon or Aegon Group entities, regardless of whether these entities are located in the Netherlands (the “NL”) or elsewhere);
- Foreign network members of the external auditor may not perform – directly or indirectly - other services for Aegon or Dutch-based Aegon Group entities;
- Foreign network members of the external auditor may perform other services for foreign Aegon Group entities, although the principle remains that the external auditor needs to assess whether such services affect its independence;
- For NAS provided to “service entities” that are based in the EU: only if the service is permitted under the EU NAS Rules as implemented in the EU Member State where the “service entity” is based.

The Committee will annually pre-approve other services listed in Appendix C (Pre-approved Tax Services) and D (Pre-approved All Other Services), provided that the total fees to be paid for such services shall not exceed 70% of the average fee for the statutory audit of Aegon, of its controlled undertakings, and of the consolidated financial statements of that group of undertakings over the preceding three years, as required by EU regulations and FRC rules. If there is doubt with respect to whether an Aegon Group entity or a network member of the external auditor is Dutch or Foreign, the services to be performed must be specifically pre-approved by the Committee.

Under PCAOB rule 3524 - *Audit committee pre-approval of certain tax services* – audit pre-approval will be obtained from the audit committee for certain tax services and the external auditor shall:

- (a) describe, in writing, to the audit committee:
  - (1) the scope of the service, the fee structure for the engagement, and any side letter or other amendment to the engagement letter, or any other agreement (whether oral, written, or otherwise) between the firm and the audit client, relating to the service; and
  - (2) any compensation arrangement or other agreement, such as a referral agreement, a referral fee or fee-sharing arrangement, between the registered public accounting firm (or an affiliate of the firm) and any person (other than the audit client) with respect to the promoting, marketing, or recommending of a transaction covered by the service;
- (b) discuss with the audit committee of the issuer the potential effects of the services on the independence of the firm; and
- (c) document the substance of its discussion with the audit committee of the issuer.

Applicable SEC rules prohibit the external auditor from providing the services listed in Appendix E hereto. Therefore, notwithstanding anything herein or in the appendices to the contrary, only services allowed to be performed by the external auditor or its network members under applicable laws, rules and regulations shall be performed and the services listed in Appendix E shall not be performed.

The external auditor should discuss the potential effect of any proposed service related to internal control over financial reporting not specifically classified as an audit service with the Committee and should confirm to the Committee compliance with PCAOB Rule 3525, Audit Committee Pre-Approval of Non-Audit Services Related to Internal Control over Financial Reporting, and any other applicable laws and regulations.

In addition, the services that are prohibited to be provided by the external auditors based on the EU regulations are listed in Appendix F.

**5. ADDITIONAL REQUIREMENTS**

The Committee has determined to take additional measures on an annual basis to meet its responsibility to oversee the work of the independent auditor and to assure the auditor's independence from the Company, such as reviewing a formal written statement from the independent auditor delineating all relationships between the independent auditor and the Company, consistent with PCAOB Rule 3526, "Communications with Audit Committees Concerning Independence" and discussing with the independent auditor its methods and procedures for ensuring independence.

**6. EFFECTIVE DATE**

This Policy, including the appendices, is adopted by the Board on September 30, 2023.

**APPENDIX E NON-AUDIT SERVICES PROHIBITED BY SEC AND FRC RULES**

Dated: September 30, 2023

Notwithstanding anything to the contrary in this document, the external auditor cannot provide the following categories of services:

1. Bookkeeping or other services related to the accounting records or financial statements of the audit client. Any service, unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the audit client's financial statements, including (i) maintaining or preparing the Company's accounting records; (ii) preparing the Company's financial statements that are filed with the SEC or that form the basis of such financial statements; and (iii) preparing or originating source data underlying the Company's financial statements.
2. Financial information systems design and implementation. Any service, unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the audit client's financial statements, including (i) directly or indirectly operating, or supervising the operation of, the Company's information system or managing the Company's local area network and (ii) designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to the Company's financial statements or other financial systems taken as a whole.
3. Appraisal or valuation services, fairness opinions or contributions-in-kind reports.
4. Actuarial services, including actuarial-oriented advisory services involving the determination of amounts recorded in the financial statements and related accounts for the Company other than assisting the Company in understanding the methods, models, assumptions, and inputs used in computing an amount, unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the Company's financial statements.\*
5. Internal audit services that have been outsourced by the Company that relate to the Company's internal accounting controls, financial systems, or financial statements for the Company unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the Company's financial statements.\*
6. Management functions, including acting, temporarily, or permanently, as a director, officer, or employee of the Company, or performing any decision-making, supervisory, or ongoing monitoring function for the Company.
7. Human resources, including (i) searching for or seeking out prospective candidates for managerial, executive, or director positions; (ii) engaging in psychological testing or other formal testing or evaluation programs; (iii) undertaking reference checks for prospective candidates for an executive or director position; (iv) acting as a negotiator on the Company's behalf, such as determining position, status or title, compensation, fringe benefits, or other conditions of employment; or (v) recommending, or advising the Company to hire, a specific candidate for a specific job (except that the external auditor may, upon request by the Company, interview candidates and advise the Company on the candidate's competence for financial accounting, administrative or control positions).
8. Broker-dealer, investment adviser or investment banking services, including acting as a broker-dealer (registered or unregistered), promoter, or underwriter, on behalf of the Company, making investment decisions on behalf of the Company or otherwise having discretionary authority over the Company's investments, executing a transaction to buy or sell the Company's investment, or having custody of assets of the Company, such as taking temporary possession of securities purchased by the Company.
9. Legal services, including providing any service to the Company that, under circumstances in which the service is provided, could be provided only by someone licensed, admitted, or otherwise qualified to practice law in the jurisdiction in which the service is provided.

10. Expert services unrelated to the audit, including providing an expert opinion or other expert service for the Company, or the Company's legal representative, for the purpose of advocating the Company's interests in litigation or in a regulatory or administrative proceeding or investigation. This does not, however, preclude, in any litigation or regulatory or administrative proceeding or investigation, the provision of factual accounts, including in testimony, of work performed or explains the positions taken or conclusions reached during the performance of any service provided by the external auditor for the Company.
11. Any other service that the Public Company Accounting Oversight Board determines, by regulation, is impermissible.
12. All engagements involving a contingent fee will be banned for all audited entities (FRC).

\*For more details of the above services reference is made to the SEC Regulation S-X, Rule 2-01, and the SEC's rules adopted pursuant to 15 U.S.C. Section 7233.
